# Imani Scott Bio

Industry newcomer **Imani Scott** is bringing happiness back to music with her bold and soulful vocals that mesh a little bit of R&B, Pop, Hip-Hop and Funk for a fresh take on real music in an artificial society. The Houston-bred singer, songwriter and recent graduate from Sam Houston State University, recently released videos for her hot new singles **“Get Litty,”** and **“All Over Again”** ahead of the highly anticipated release of her debut LP titled **“The Introduction,”** which was released on October 3, 2017 produced entirely by heavy hitter Isaac “Chill” Yowman. With her funkadelic dialect, electrifying colorful hairstyles, Imani Scott's triumphant vocals and sensational stage presence has catapulted her to the top as Houston's next “Shining Star.”

Recently Imani Scott secured #1 on Reverbnation in Pop & R&B. She also recently won Houston's Best New Artist award. Raised in H-Town with roots in the Acres Homes community, the Southern artist credits her musical influences and inspirations to past and present legends including the likes of Etta James, Beyoncé, Tina Turner, Chaka Khan, Maze, Prince, George Clinton, Aaliyah, Missy Elliot, Andre 3000, Lauryn Hill, Anita Baker, Janelle Monáe and Tamar Braxton. Imani has spent the last few years behind the scenes learning the ropes of the music industry while developing her amazing sound and incredible work ethic. She quickly learned the ins and outs of the music business, eventually growing from recording songs in a closet to laying down tracks in a multi-million dollar recording studio with industry pros.

The recent college grad is determined more than ever to bring happiness back to music: *“These days we want to be so numb to everything, but I want to put that emotion back in the music, that Earth, Wind & Fire, so we can live in the moment,”* says the Houston beauty. *“I'm determined to bring live instrumentation back to the music, to fulfill what we once had and get away from the artificial sound. I want to bring intelligence back to people listening and get us to level back up.”*

Her newest single “Throwing Glitter” has taken the industry by storm with the recent release of her epic visual shot in LA. “The Introduction” is just a taste of what's to come from Imani Scott – “I haven't heard anyone else like this” says Eesean Bolden – VP of A&R Warner Music. “We need more music like this on the market.” Imani is bringing the funk with a refreshing new sound that incites excitement and energy every time you press play.
